Free Makita #9564CV Angle Grinder. \$159.00 Reg. Price. 13.0 Amp Variable Speed, 4-1/2", 5" or 6". **Free with purchase of any (20) diamond blades.** Why this grinder? The 9564CV has been proven by contractors like yourself to be the most productive and longest lasting angle grinder for tuck pointing and concrete grinding. **Click on the following link for a contractor's test between 11 angle grinders:** [Grinder Test Results.](#)

Free Dust Director®. \$195.00 Reg. Price ~ Free with purchase of any (20) diamond blades. Made in the USA of aircraft aluminum for durability and lightweight. Install onto your angle grinder. Contains over 96% of the dust while providing the following *high productivity* features: 6" blade capacity for a 1-5/8" depth-of-cut, complete visibility of the blade & work area, unsnap the extension cover to cut in tight areas and inside wall corners *without* loss of dust control. On recessed mortar joints (i.e. protruding stone walls), 6" blades provides much better dust control plus productivity increases tremendously versus using a smaller diameter 4-1/2" or 5" blades.

Free 7" Dust Director®. \$360.00 Reg. Price.
2-1/8" depth-of-cut, complete with 13 Amp **Variable Speed** Grinder.
