Intelligent Adhesive Tapes

Masking (Painter's) & Duct Tape (3 Grades)
For the Professional and DIY'er

ADHESIVE TAPE EDUCATION - By knowing and understanding the different types of tapes — by learning the intelligence behind the manufacturing — not only do you obtain the results and performance you want but you're now able to make an economical and sensible purchase. Additionally, with our **Bundle Program** ~ select **Any Mix of 8 Cases and Shipping is Free.**

Interior Masking (**Painter's Tape**) - for **Smooth Surfaces**. The best interior tape for professionals and DIYers looking for clean edges and excellent results. Medium tack SmartSKIN™ technology combined with thin crepe paper prevents paint bleeding and leaves behind no residue for up to 14 days. The solvent-free adhesive is excellent for use on multiple surfaces, including lacquered or varnished woodwork, glass, plastic, metal doorknobs, window frames and more. **Color: Blue Crepe Paper**

FEATURES & BENEFITS:

- SmartSKIN™ Technology for clean, crisp paint lines
- UV resistant, Medium Tack
- Quality crepe paper
- Solvent-free,
- 14-day clean removal from Multiple Surfaces
- EasyTEAR™

PRICING:

Item No. TP BDT

Size: 1.88" x 60 yds.

24 Rolls per Case

\$144.48 / case (**\$6.02 ea**)

Exterior **Hybird** Masking Tape - for **Smooth Surfaces**. The next generation of Painter's Tape. This tape has the durability of high performance plastic, but it tears as easily as paper and leaves behind residue-free paint lines. Patent pending hybrid backing, combined with UV modified non-solvent adhesive, makes this tape ideal for securing poly sheathing on exterior smooth surfaces, including lacquered wood, glass, metal, plastic and vinyl. The medium tack is also great for hanging poly and other painting, plastering and stucco projects. **Color: Dark Plastic Blue.**

FEATURES & BENEFITS:

- Patent pending HYBIRD NANOTECHNOLOGY
- Non-yellowing solvent-free adhesive
- Strong hold on exterior & interior smooth surfaces
- Weather & 14-day UV Resistant
- Use on glass, plastic, wood, vinyl, lacquer, metal, etc.
- Medium-High Tack
- Residue-free removal for 14 days
- EasyTEAR™ for clean tearing

PRICING:

Item No. TP EXT S

Size: 1.88" x 45 yds.

18 Rolls per Case

\$106.56 / case (**\$5.92 ea**)

Exterior *Metal Mask Tape* - **for Rough & Smooth Surfaces**. Specially engineered for securing poly sheathing to rough and uneven surfaces like brick, stucco, cement, wood and plastic. The Exterior *Metal Mask Tape* features a polyethylene grid that is significantly stronger and tougher than fabric mesh. Likewise, when acid and water solutions are being used to clean masonry, Metal Mask is the recommended masking tape to use. With SuperGRIP™ high adhesive technology, the adhesive backing removes cleanly for 7 days - even from metal; and the flexible, strong backing is UV resistant for 7 days and weather resistant so the elements won't stop you from working on outside projects. **Color: High Visibility Orange.**

FEATURES & BENEFITS:

PRICING:

Item No. TP EXT R
Size: 1.88" x 54.6 yds.

18 Rolls per Case
\$122.04 / case **(\$6.78 ea)**

- Engineered for rough and uneven surfaces
- SuperGRIP™ adhesive technology
- Flexible strong backing
- A+ on brick, stucco, cement, metal, wood, etc
- Weather & 7-day UV Resistant
- Easy to tear, Adhesion level: High

Duct Tape - **3 Grades**. All 3 Grades provide the same durability and the highest level of adhesion. With 4-Layer Backing, the tapes are strong but tearing is easy, making each tape useful and multi-functional for a wide range of both interior and exterior applications.

COMPARISON TO OTHER BRANDS - **What Makes Any Duct Tape Go Bad is the "Fabric."** With Blue Dolphin's 4-Layer Backing, two layer's of polyethylene film are used to protect both sides of the "fabric", as follows: Polyethylene film, Fabric, Polyethylene film, Adhesive. Versus other brands that only use 3-Layers of Backing (Poly Film, Fabric, Adhesive.)

\$110.40 / Case **(\$4.60 ea)**

INDUSTRIAL HIGH STRENGTH USE - Waterproof Tape

- Maximum adhesive and strength
- EastTEAR™ backing
- 4-Layer Construction Backing
- Multi-surface
- Interior and exterior use
- Adhesion level: High

GENERAL USE - Waterproof Tape

- Super strong with 4-Layer Construction Backing
- EastTEAR™ backing
- 7-day residue-free clean removal
- Multi-surface
- Interior and exterior use
- EasyTEAR™ for clean tearing

UTILITY USE - Waterproof Tape

- Strong for light duty projects
- EastTEAR™ backing
- 4-Layer Construction Backing
- Multi-surface
- Interior and exterior use
- Adhesion level: High
