-------	-------------	---------	-------	-----------	---------	-------	-----------	---------	-------	-----------	---------

**SUPREME GRADE / HEAVY-DUTY CUTTING**

**Demolition Knuckle Head Blade. Low Cost, Laser Welded, General Purpose Cutting.**

- Laser Welded to Handle a Wide Range of Concrete Cutting Applications including Operator misuse and/or abuse — such as cutting bundles of rebar instead of switching to using an abrasive blade.
- General Purpose 30 Bond to Cut deep into concrete without overheating — Segments hold secure when cutting through metal, rebar and deep cutting.

# Tuck Pointing, Concrete Joint Widening Blades

Tuck Pointing, Concrete Joint Widening Blades										
B L A D E  TYPE	Sandwich Blade - <b>Black</b> 	Sandwich Blade - <b>Silver</b> 		Solid Blade - <b>Premium</b> 		<b>Speed-Kut</b> 		Solid Blade - <b>Heavy-Duty</b> 		
F E A T U R E S	<b>SANDWICH BLADES.</b> Offset diamond segments cut the mortar instead of grinding it, providing chip-free cuts and productivity speeds to exceed 30% compared to conventional (solid type) segment tuck point blades.			GP to Medium-Hard Mortar Joints - Extremely Smooth Grinding without chipping on Medium-Hard Mortar. Will provide longer blade life than our <b>Black Sandwich Blade</b> but slower grinding. If the mortar is extra hard go with the <b>Black Sandwich Blade</b> . Spec: SP			GP to Very Hard Mortar Pittsburgh's most used tuck pointing blade - A+ for use with hard aggregate. 1/2" cooling holes help to provide exceptional blade life + very smooth and easy grinding through hard mortar. If the mortar is extra hard go with the <b>Black Sandwich Blade</b> . Spec: SK		Soft to General Purpose Mortar - Possibly the best blade for its value on soft to general purpose mortar. If the mortar is hard, to with the Solid Premium Blade. If the mortar is exceptionally hard, go with the <b>Black Sandwich Blade</b> . Spec: SH
