## Glitter Bits – Diamond Router Bits

by the Dust Director®

### Fast, Precise Mortar Removal

Grind Brick Mortar Joints, Head Joints, Inside Wall Corners

Individual Brick Removal — Grind Type "S" Hard Mortar ~ *Even Granite!*

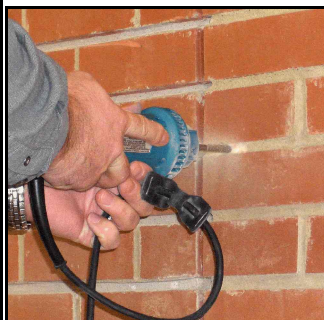

Tuck Pointing, Granite Shaping, Hard-To-Reach Areas, Sculpturing - For Concrete, Granite, Stone, Fabricators, Professionals, Masons, Artists, Archaeologists, etc.

**DURABLE:** Grind across metal brick ties embedded in the wall without breaking the bit.

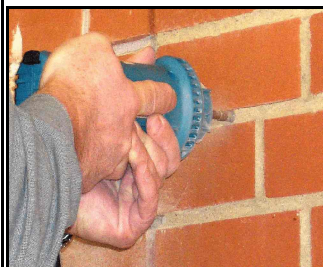

Simple, Easy to Use . . . Fast, Precise, Detailed Control . . .

Completes the 90° mortar cut-out around bricks.

Finishes the cut where a diamond blade can't:  
- Inside wall corners, both horizontal & vertical  
- Window & Door Brick Returns

Excellent for recessed mortar joints on stone walls, intricate or historical cut-out projects.

#### GRINDS IN TIGHT AREAS

1000 Percent Less Dust than using a diamond blade & angle grinder.

Exposed diamonds actually **Glitter . . .**

With Dust Control

Individual Brick Cut-Out From Hard Type "S" Mortar

GB14350	\$ 85.00
1/4" shk x 5/16" dia x 3.5" OAL	
GB18275	\$ 80.00
1/8" shk x 3/16" dia x 2-3/4" OAL
